Romance.

2

Family.

Target Users.

Those who want to visualize the bonds of their families according to distance.

Those who want to see how we are protected within the framework of the family.

Features.

1

You can increase or decrease the distance between family members by scrolling the mouse.

2

You can pull one of your family members out of the shield.

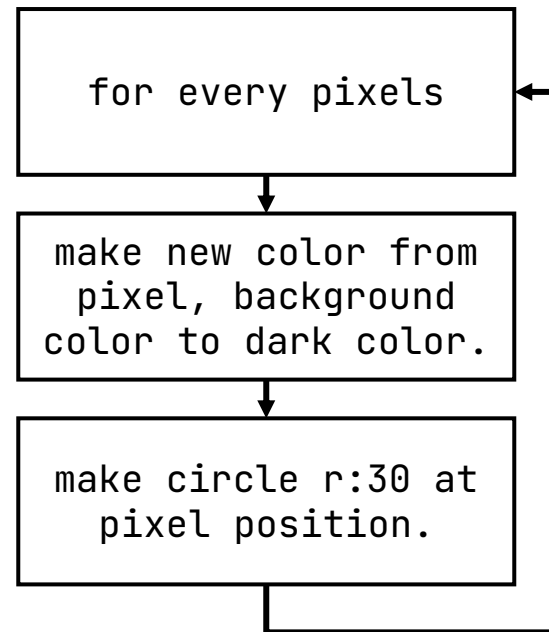

3

You can set the cosmic background with your appearance.

Family.

Algorithm.

**Thank
You.**

Find out my project :)

Background, but more delay

https://ienground.github.io/p9_CC/

No background, less delay

https://ienground.github.io/p9_CC/index2.html
